Float Away

Robbie Rivera

Want to take you down by the river
Where you can watch me undress
I want to lay with you in the water
Naked, floating on sunlight

Lalalalala
Float away with me
Lalalalala
Float away with me
Lalalalala
Lalalalala

And in the waterfall, i explore you
I want to be your temptress
And as the cool cascade washes over
We fall into fire

Lalalalala
Float away with me

With me

Float away with me

Lalalalala

Lalalalala
Float away with me
