Kensington

I've got a passion for destruction baby
No, I mean a habit of neglecting things
And oh,
She said the things you do ain't worth this
So put your money where your mouth is!It's not a secret I'm addicted to attention
From the people who will never
Stop to mention
That they're better off without me
But in a way they really like meI'm getting sentimental now
With emphasis on mental
Need a drink to handle these
Intimidating accusations
Oh, did I break your concentration?No! You can't hold me down
Or bottle up this manic angst
I'm spreading all around, yeah yeah
I'm take, take, take, take, taking names of haters, fakes and enemies
I'd rather be a tyrant than your slaveTell me this is all my fault
Choosing a life among the creeps of the gutter
I get off when I become the scapegoat
Note to everyone
Sue, accuse or slightly bruise me, now!I've got a passion for aggression baby
Or an inappropriate reaction to
A lot of little things they say or whisper
I'm living for disasterNo! You can't hold me down
Or bottle up this manic angst
I'm spreading all around, yeah yeah
I'm take, take, take, take taking names of haters, fakes and enemies
I'd rather be a tyrant than your slaveTell me this is all my fault
Choosing a life among the creeps of the gutter
I get off when I become the scapegoat
Note to everyone
Sue, accuse or slightly bruise me, now!Is this where we part ways?
Is this where we part ways?
Yeah-ah, is this where we part ways?
'Cause I'm one part anger and one part hate
Is this where we part ways?
'Cause I'm one part anger and one part hate
Is this where we part ways?
'Cause I'm one part anger and one part hate

Is this where we part ways?
'Cause I'm one part anger and one part hate
Is this where we part?One part anger and one part hate
One part punctual and one part late
One part nauseating and one part great
One part sunshine and one part shade
One part coincidence and one part fate
One part failure and one part made
One part leech and one part aid
One part anger and
One
Part
Hate
