I Burn

Toadies

Driftin' upward
Gently lifting
Lazy on the wind

Rollin' over
Turnin' slowly
Beginning and the end

Fire is bright
Fire is clean
Never so alive

Smoke is freedom
Flame is mercy
I am free tonight

And I burn
I burn

Stoke the embers
Cleanse the spirit
A prayer in every spark

Feel the lick of
Bad religion
The finish and the start

In the beginning
We were smarter
And the flame was heaven-sent

Through the ages
We got stupid
Now we must repent

And I burn
I burn

Sift the ashes
For reminders

Stony things remain

Tooth and bone
Unimpressive
I have left these things

Because fire is bright
Fire is clean
Efficient and divine

Tooth and bone
Charms and dolls
I am free tonight

I'm on
The air
You breathe

I'm on
The air
You Breathe

I'm on
The air
You breathe

I burn
I burn
I burn
