

# I Call Your Name

Clay Crosse

For so long I searched for answers  
I looked in places where wise men never go  
When I put my trust in your love  
I found the truth some wise men never know  
I'll stand alone 'till your light shines ('till your light shines)  
Any time night or day  
I just reach out your never far away When ever I'm feeling low I call your name  
It lifts me up  
No other words feel the same  
I call your name  
I call out your name (I call your name)  
I call your name  
I call your name In a world that's always changing  
It's hard to find a reason to believe  
The time has come no more waiting  
With you I have all I'll ever need  
I'm thankful you reached out to me (reached out to me)  
I feel that I can touch the sky  
Your love gave me wings now I can fly When ever I'm feeling low I call your name  
It lifts me up  
No other words feel the same  
I call your name  
I call out your name I stopped running, I stopped hiding  
Because now I know it was meant to be  
Cause love so strong  
Brings me to my knees Well I call out your name  
Every day every night  
My lord I need your love When ever I'm feeling low I call out your name  
It lifts me up (higher and higher)  
When ever I'm feeling low I call your name  
It lifts me up  
No other words feel the same  
When ever I feeling low I call your name
