Gold (Mr Scruff Mix)

Lamb

Stay with me forever and a day
If I could be near you for a lifetime
I'd never want for everything
Hearing your voice is like icicles down my spine
I'm touching your warm skin
Starts electrical storms in my mindYou put a strength in me
I knew something was missing
Just take me everywhere you go
This girl's in heavenFeeling this way about someone like you
Couldn't be clearer or dearer or so overdue
So sure, so pure
So much what I was looking for
Here you are filling up my life, my lifeYou put a strength in me
I knew something was missing
Just take me everywhere you go
This girl's in heavenLife is light and everything around when you ask why
Everything I touch is gold
Couldn't be a better place to be then just around you
No, no no no no no noYou put a strength in me
I knew something was missing
Just take me everywhere you go
Oh oh oh oh ohYou put a strength in me
I knew something was missing
Just take me everywhere you go
This girl's in heaven
