Brick

[Albert Collins](#)

Brick baby, that's what I'm gonna throw upside your head
I said now, brick baby, that's what I'm gonna throw upside your headYeah, you got me so worried, got me talkin' outta my head
Yeah, you know I love you and you know my love is true
Yeah, I can't understand it, baby, the way you treat me like you do
I'm gonna chuck a brick, baby, I'm gonna chuck a brick at youI got a brick, baby, I'm gonna throw it upside your head
I said a brick, baby, I'm gonna throw it upside your headYeah, ya got me so worried, ya got me talkin' outta my head
Ah, you know I love ya, yeah, you know my love is true
I can't understand it, baby, how you treat me like you do
I'm gonna chuck a brick, baby, I'm gonna chuck a brick at you
Oh, I'm gonna chuck this brick right here
