

Nowhere

NOFX

You can't believe the things you see and read
The Soviet threat our pseudo enemy
(What's scaring me?)
Our foreign policy to make the world safe for business
Call it democracy Our human nature, it's all the same
We end our lives in the pursuit of happiness
So stop the hate, open the iron gate
It's our destiny, we'll make the cold war history You think I give a shit, if you're a [Incomprehensible]
[Incomprehensible], we all have to exist
On this planet with nowhere to run
Millions of brainwashed must open their eyes, we are one [Incomprehensible]
