

# Wake Up

## Shade Sheist

Yeah bitch

Where go the blaze at?

That's right, yeah

Ride with me, yeah

Walk a block with me

On the heist with me

Represent with me

Yo, ride with me

Walk a block with me

On the heist, with my heist with me

Represent, yo When I wake up in the morning, when I get up out of my bed

At all times I remain a hustler, at all times I be chasing my bread

Since this one's for my people, I'ma make sure you heard what I said

Daddy say speak loud and clearly, daddy say aim for the head

I think we all too cool to lose it, I say we all stay leveled instead

I say still we tame the hookers, I know we still eluding them feds

We make this one for the Negroes, and for the Caucasians who care

They say they treat us like we equal

I say they treat us like we just don't care [Chorus]

When I wake up in the morning

When I get up out my bed

I will always be a hustler

I will always chase my bread

Since this one's for my people

I'ma make sure you hear what I said

I'm gon' speak so loud and clearly

I'm gon' aim straight for yo head Yo, I wake up late but still got currency

Dreams, snooze button no I'm trying to sleep

I got bill and the ends ain't trying to meet

So I'm pressed for cash and I'm out of my league

Ya' see, times ain't the greatest and I ain't Ali

So my hours are nine to five and my job's the street

I'm in a low position trying to hope these mission

Crenshaw when exposition feeling holiday wishin'

And the block West stat and the spot we sure have

Rallies on Manchester, Inglewood on Saturdays turn to night

Shade always been the type to show love to those whom always doin' right [Chorus] Yo, it don't matter where

you from

Not knowing not where you been

Can't go to sleep a child expect to wake a man  
Yo, life is a lesson niggas who don't study  
End up failing test and blame it on me  
But see Sheist only gets what he claiming to be  
A real quiet motherfucker with his heart in the streets  
Hot in these beats, flow sell a lot in a week  
So even Billboard couldn't drop my highest of peaks  
I'm with the breaks so you knowin' what they saying to me  
I'm impressed how many people end up hating on me  
Like a disease Shade hittin' wit' a new vaccine  
I leave 'em comatose falling asleep[Chorus]Real talk  
Real things  
Real people  
Wake up
