In Gratitude

Craig B

It is dangerous
To put this into words
But I'm alright
Close to fulfilment
I miss you
I miss youAnd anyway
I just wanted to show you
I'm yours now
Empty and cynical
Lost
In gratitude
In gratitudeIt is dangerous
To put into words
But I know in time
We'll get out of this mess
We'll get out of this messAnd anyway
I just wanted to show you
Some happiness
I wanted to show you the stars
I want to show you the stars
And we goJust hit the ground running
Just hit the ground running, I know
Just hit the ground running
And don't look backJust hit the ground running
Just hit the ground running
Just hit the ground running
And don't look backJust hit the ground running
Just hit the ground running, I know
Just hit the ground running
And don't look back
