

White Horses

Jackie Lee

On white horses, let me ride away
To my world of dreams so far away
Let me run to the sun

To a world my heart can understand
It's a gentle, warm and wonderland
Far away, stars away

Where the clouds are made of candy floss
As the day is born
When the stars are gone
We'll race to meet the dawn

So, when I can only see the grey
Of a sad and very lonely day
That's when I softly sigh
On white horses, snowy white horses
Let me ride away

Where the clouds are made of candy floss
As the day is born
When the stars are gone
We'll race to meet the dawn

So, when I can only see the grey
Of a sad and very lonely day
That's when I softly sigh
On white horses, snowy white horses
Let me ride away
Away, away
