

# Save Our Souls

## BRADIO

Black angels laughing in the city streets  
Street toys scream in pain and clench their teeth  
The moonlight spotlights all the city crime  
Got no religion  
Laugh while they fight

Save our souls for the heavens  
For a life so good it sure feels bad  
Save our souls for the heavens  
Save our souls for the promised land  
Sweet tarts play the game and shoot to thrill  
Runnin' free through the trash dressed to kill  
The midnight show-stoppers, it's a funny money game  
A hundred thousand bleeding hearts, put us in our graves

Save our souls for the heavens  
For a life so good it sure feels bad  
Save our souls for the heavens  
Save our souls for the promised land

It's been the hard road, edge of an overdose  
No matter how high you're still too low  
I've been the dancer, the wicked romancer  
It's a never-ending nightmare, edge of disaster
