Live Fast Die Fast

[GG Allin](#)

Me and the boys are, we're living for the night
We're looking for adventure, we're looking for a bloody fight
Always on the run, we're never gonna do what's right
We're looking for chicks and we're looking for kicks
We're living fast and we're living rightLive fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trashAh we're never slowing down, we're gonna party tonight
We don't care 'bout nothing we're living like rats in a sewer pipe
You'll never stop us now, when we're running the red light
Pick up a few racks at the corner store
We're gonna get wild in the streets tonightLive fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trashLive fast, die fast
Don't worry 'bout the crashHell bound on the coursecrash
Living in the alley with the rest of the trashMe and the boys are, we're living for the night
We're looking for adventure, we're looking for a bloody fight
You'll never, you'll never stop us now, you see we're running the red light
We're looking for some chicks, we're looking for some kicks and
We're living fast and we're living it rightLive fast, die fast
Don't worry 'bout the crash
Hell bound on the coursecrash
Living in the alley with the rest of the trash
