

Waiting

Chantal Kreviazuk

Well, it all comes down to the things
That I never even wanted
I should live my life without holdin' on to you But it's hard to see the sky through the clouds
When it's rainin'
I know somewhere it's blue Well, it all comes down to the love
That was never really given
I should've taken more than time to get the truth And it's hard to believe
That you couldn't recognize my tears
I glued them on for you Waiting to fall apart
Waiting and it all comes down to you When it all breaks down
I won't be the one that's runnin'
But under every rock and stone, I try to hide And it's hard to believe
That behind this smile there are tears
I hold them all inside Waiting to fall apart
Waiting and it all comes down
Waiting to fall apart
Waiting and it all comes down to you I hear you calling, I know that voice
I hear you calling, I have no choice
I hear you calling, I know that voice
I hear you calling, waiting Well, it all comes down to the things
That I never even wanted
And I should live my life without holdin' on to you Well, it's hard to believe
That you couldn't recognize my tears
I glued them on for you Waiting to fall apart
Waiting and it all comes down
Waiting to fall apart
Waiting and it all comes down Waiting to fall apart
Waiting and it all comes down
Waiting to fall apart
Waiting and it all comes down to you Waiting
Waiting
Waiting
