

Dear Lonely Hearts

[Nat King Cole](#)

You're on my mind, I'm in the dark
You're takin' your time, I'm fallin' apart
Girl, you hold my mind in your hands and you know it
I'll get it right if you'll give me the chance to come closer
I'll give you my heart if that's what you're after
I'll give you my love and that's all that matters, think it over
Yeah that's all right with me, if you wanna play hard to please
Don't make it easy for me
Down on my knees, take a look at me
I'm easy to please, why can't you be?
Yeah, you hold my mind in your hands and you know it
I'll get it right if you'll give me the chance to come closer
I'll give you my heart if that's what you're after
I'll give you my love and that's all that matters, think it over
Yeah that's all right with me, if you wanna play hard to please
Don't make it easy for me
