How To Make A Monster

Rob Zombie

She freak out at a damaged life like a jailbait in the park
A teenage wolf with a bloody knife going down out in the dark
How to make a monster baby, how to get it out?
How to make a monster baby, how to get it out?
Go go zombie, go go yeah, yeah, yeah
Go go zombie, go go yeah, yeah, yeah
Roots in hell and the time will tell if your baby is insane
A child bride with the bloody eyes gotta Satan on the brain
How to make a monster baby, how to get it out?
How to make a monster baby, how to get it out?
Go go zombie, go go yeah, yeah, yeah
Go go zombie, go go yeah, yeah, yeah
