

# Motorpenis

## Impaled Nazarene

Can you hear the engine roaring aloud?  
It is on its way to this town  
Motor action phallus - 666 ways to die  
Turbo driven satanic seed  
Shake it baby  
You need it  
Motor action phallus - 666 ways to die  
It has never felt this good  
This motorized drive  
When this shit is over you are ready to die  
M.O.L.O.  
Don't you just love that electric shock  
When my penis murmurs inside your mouth
