All Things Get Better

Geoffrey Golden

Oh what Grace
And oh what peace
To know You're here with me
Waves brings fear and
They reveal how still I don't believe.

I failed again, but in Your hands,
You don't give up on me.
What do You see?
How could this be?

That all things get better, better, better
Not one mistake can undo Grace.
Your loves forever, ever, ever
Thee Ancient of Days whisper's my name.
Your master plan for me included enough
mercy, to go from here to eternity

So bring whatever, ever
You make all things together, gether, gether
All things get better, better, better.
ALL THINGS GET BETTER!
