I'mma flip paint, filp paint, roll daint, daint
Money in the bank, bank diamonds in my pinky ring

Money in the bank, bank diamonds in my pinky ring I'm so addicted to makin' money it's funny
My speakers beat the block so the hatas they hear me comin'
The can of paint flippin' and swervin' it make ya pick up
Today I'm feelin' good so I'm destined to pick a bitch up Put it all on my chedda my diamonds shinnin' like I'm
richer
But chrome wheels spinnin' so people can take a picture
Ain't never comin' flo throw some diamonds in my jaw
Put some pipes on the back I be shakin' them hatas off Stay connected wit some head bussas hatas comin' round
But ain't no competition dug them bitches in the ground
'Cause I'm balln' like I'm posed to money in the bank
Wanna get on my level but they flo'n they know they can't I'mma flip paint, filp paint, roll daint, daint
Money in the bank, bank diamonds in my pinky ring
