Love Song

Mathew V

Oh, let me pull you close
Don't be afraid to show
Everything to me
Don't be afraid

And when you need my hand
I'll be there to help you stand
I'll be not your friend nor foe
I'll be your love, oh

And when the roads(??) gets low
Let your tears fall
And when my knees get weak
We'll fight through it all

So baby tell me
You're where you belong
Wrapped in my arms
Trapped in my love song

Oh, baby, lay to rest
Every doubt or guess
Every past regret
Lay down your head on me

So lay your voice down low
Tell me you love me so
Tell me soft and slow
You'll be my love

And when the night gets dark
I'll lead you home
And when my fight wears thin
You won't let me go

So, baby, tell me
You're where you belong
Wrapped in my arms
Trapped in my love song

Wrapped in my arms
Trapped in my love song
