God Is Here

Sonicflood

In Your presence there is fullness of life
Healing flowing for body soul and mind
God of the impossible, God of miracles is hereGod is here, let the broken-hearted rejoice
God is here, let the weak say I am strong
God is hereIn Your presence there is perfect peace
And in stillness I behold Your deity
God of wonders, God of power is hereGod is here, let the broken-hearted rejoice
God is here, let the sick say I am well
God is here, let the weak say I am strong
God is here, His wonders to performGod is here, let the broken-hearted rejoice
God is here, let the sick say I am well
Oh, God is here, let the weak say I am strong
God is here, His wonders to performHis wonders, His wonders, His wonders to perform
His wonders, His wonders, His wonders to perform
His wonders, His wonders, His wonders to perform
God is here, God is here
