

Mantra

Shelter

Earth can be a lonely place
Blank stares on the people's face
I contemplate their pointless chase
That traps me and my friends Is this the place where I belong?
Where did we go wrong?
Will it last real long?
Are you too singing this song? Sometimes, sometimes, sometimes I feel it
Sometimes, I feel so all alone
And, yes, yes, I must confess
I feel so far from home Mantra, yeah, take me home I trust you
Mantra, yeah, take me home
Is this the place where I belong? Life's a puzzle the thoughtful solve
But most choose not to get involved
Because of this we don't evolve
Just look around, my friend And life's meaning can be hard to grasp
All that's certain is it won't last
We're all spirits looking for transcendence
Oh mantra, grant me that independence Sometimes, sometimes, sometimes I feel it
Sometimes, I feel so all alone
And, yes, yes, I must confess
I feel so far from home Mantra, yeah, take me home I trust you
Mantra, yeah, take me home
Is this the place where I belong? Is this the place where I belong?
Where did we go wrong?
Will it last real long?
Are you too singing this song? Sometimes, sometimes, sometimes I feel it
Sometimes, I feel so all alone
And, yes, yes, I must confess
I feel so far from home Sometimes, sometimes, sometimes I feel it
Sometimes, I feel so all alone
And, yes, yes, I must confess
I feel so far from home
