## Reverse Dotty

oh no, oh no, oh no no, oh no  
chemicals in the garden  
chemicals in the garden  
oh no, oh your happiness makes me uncomfortable  
your happiness makes me uncomfortable  
your happiness makes me uncomfortable  
your happiness makes you so vulnerable flash back, flash back oh no, oh no  
chemicals in the garden  
chemicals in the garden  
you're a sorry friend, Clorox dad  
chemicals in the garden  
skeletons in the closet  
come on pop  
pop pop pop pop pop! I'll do it  
let's drive to big sur, can't you make it?  
i know, in spite of the build up that you've gone too far to go out the door oh no!
