

Undercurrent

Fear Factory

Lies are all that we hear
Death your undertones of fear
Lies are what causes fear
Death you and all that I hear This in your eyes
So clear your eyes Undercurrents
We cannot believe
Undercurrents
Slowly drowning me Face me look in my eye
Hate me I see through your mind
Face me you still cannot
Hate me drowning in lies Your lies can't hide
So clear your mind Undercurrents
We cannot believe
Undercurrents
Slowly drowning me, aah Drown Haha Undercurrents
We cannot believe
Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning me Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning me
Undercurrents
Slowly drowning
