

# Time

## David Guetta

I spy a girl with a book in hand  
Playing games with her body to forget about a man  
I spy a man with a book in hand  
He's abusin' everybody would agree that he can

Is it working?  
Is it working for you?  
Is it worth it?  
Hide the eyes from the truth

I spy a girl with a falling man  
Working nights, sleeping days to forget about the past  
I spy a man with a twisted plan  
Playing love with his body to escape the pain

Is it working?  
Is it working for you?  
Wooo is it worth it?  
Hide the eyes from the truth

Maybe time, can  
Fill the empty heart inside  
Maybe time, can  
Wipe the tears away  
Maybe time echo Fill the empty heart inside  
Maybe time (maybe time) can,  
Wipe the tears away

I spy a girl with a book in hand  
Playing games with her body to forget about a man  
I spy a man with a book in hand  
He's abusin' everybody would agree that he can

Is it working?  
Is it working for you?  
Wooo is it worth it?  
Hide the eyes from the truth

Maybe time, can  
Fill the empty heart inside

Maybe time, can  
Wipe the tears away  
Maybe time (maybe time) Fill the empty heart inside  
Maybe time (maybe time) can,  
Wipe the tears away

Woohoo

Maybe time, can  
Maybe time  
Maybe time, can  
Maybe time  
Maybe time, can  
Wipe the tears away

Woohoo
