

Harry Bridges (Album Version)

Rancid

Bloody Thursday was July 6th The pigs killed three workers
Harry Bridges
grabbed the mic
The city shut down July 6th The workers outraged it was a
general strike
The media claimed that the commies were taking over and some
believed it was true
3 uncompromising strikes paved the way
Minn
SF. & Toledo
Over and over again the doors are locked and the windows are broken
Eddie
worked for General Motors & he swore that he'd never lose his job again
A
union man who owned his own home in beautiful Flint, Mich. Eddie lost his job
and Eddie lost his wife
So Eddie lost his self esteem Last time I saw Eddie
he was livin' in the trailer park again
I believe Eddie forgave too much
Too
soon
I got a letter about Eddie & it was bad news
