Nail

The Sugarcubes

Reach out
Right in front of you

Sit tight
You're alright

Just breathe
The relief

Don't fear
I'm right here
I'm right here
I'm right here
I'm right

Here I am
To try to understand
The nail put through your hand

I need you
Simply to

See me
As easy

To read
What you need

Through me
So use me
Seduce me
I'm right here
I'm right

Here we plan
To try to understand
The nail put through your hand

Know you

You have to

Feel free
To teach me

Reach out
Without doubt

Crash land
I know you can
I'm right here
I'm right here
I'm right here
I'm right

Here you can
To try to understand
The nail put through your hand
