

# Everybody Wanna Be A Star

Beanie Sigel

You cannot be me  
Deke what I tell you, what I tell you  
Look at they face now, look at they face now, stupid  
I told you it was gon' happen  
Now look at they face, look at them crawlin' on they knees  
Why niggas can't never just play they part  
Gotta be the first ones that say they talk  
Say they shared, first ones to say they did  
Can't never be they self gotta play that kid  
You know the same young buck you let touch the coke  
And now that he come up he wanna cut your throat  
And you gave from the block, put 'em to your neck  
Now he givin' you a glock puttin' it to your neck  
You know that same bitch said don't fuck with him  
That nigga no good ain't no trust in him  
Two days later see her in a truck with him  
Two years later now that bitch stuck with twins  
That nigga been broke why now she fuck his friends  
Got a lap dance in bars and touch them ends  
Time uncovered a veil over people's plots  
And the dumb shit they do to get on top  
Everybody wants to be a star  
Everybody wanna be a star, don't wanna be who they are  
Everybody wants to be a star  
Every bitch wanna hop in your car, every hater wanna give you scars  
Man every fucking day, these no flow niggas  
Always in my face, with they promo niggas  
I thought I told y'all, I don't know Jigga  
I'm not Beanie Sigel and I don't flow neither  
What happened to your keys and dreams of being cracklords  
Now it's Trinities, MP's and trackboards  
I switched my hustle to get this cream  
Now everybody and they mom wanna spend \$16  
I got niggas wastin' they change to get in this game  
Like shit gon' change when they get in this game  
You think it's just rhymes and beats  
Man this shit's stress time and heat, deadlines to meet  
Everybody wanna come cry to me  
Come spit they little lines to me

You shouldn't of lied to me, naw dog you can't rhyme wit' me  
Like you tied to me, like I don't see what you tryin' na be  
Everybody wants to be a star  
Everybody wanna be a star, don't wanna be who they are  
Everybody wants to be a star  
Every bitch wanna hop in your car, every hater wanna give you scars  
Everybody wants to be a star  
Stop tryin' na be a star, be who you are, maybe you will go a little far  
Everybody wants to be a star  
Everybody wanna be a star, never wanna be who they are  
Man, I ain't gon' lie I thought all the glitz was gold  
And like Jay, I watched the truth unfold  
And now that I got a little time in with this rhyming  
I found out everything that shine ain't a diamond  
Everything that come in a jar ain't dro  
Ain't no use you spittin' them bars you can't flow  
Ain't no use you gettin' that R if it don't glow  
And ain't no use you gettin' a car if you can't go  
Get out the streets, haters will draw you back  
Like an automatic weapon that'll pull you back  
Load somethin' in the brain just to see you snap  
I try to maintain but I see they trap  
See they plot, you can see me not  
You can be me not, niggas wanna see me bopped  
See me locked, see me in the block  
Send me shots, do anything to be on top  
Everybody wants to be a star  
Everybody wanna be a star, don't wanna be who they are  
Everybody wants to be a star  
Every bitch wanna hop in your car, every hater wanna give you scars  
Everybody wants to be a star  
Stop tryin' na be a star, be who you are, maybe you will go a little far  
Everybody wants to be a star  
Everybody wanna be a star, never wanna be who they are
