

# Somewhere Else

## Hooray For Earth

Somewhere else  
Somewhere better than here  
Somewhere else to go.  
We let ourselves  
So that matters is fear  
Turn my hands to guns.  
Oh, oh, oh!  
Take your time,  
Gonna ... over here  
No one has to know!  
Soul is devil lost.  
Suddenly, all the answers come  
Suddenly, going on forever  
Suddenly, all the answers come to me! Nowhere else,  
No one better than you.  
Someone glamorous  
But that's my start,  
Nowhere better than here  
Fold my hands close  
And it's all this ever was  
Suddenly, all the answers come  
Suddenly, going on forever  
Suddenly, all the answers come  
Like a ... falling off.  
Suddenly, all the answers come  
Suddenly, going on forever  
Suddenly, all the answers come to me
