

Stay

Madonna

You, you make my life much brighter
You're always on my mind
You, you make my load much lighter
True love is hard to find
Sometimes I feel I have to get away
I change my mind when I look in your eyes
And when those clouds come in and try to darken our days
I'll always want you to Stay, stay darling
Stay, stay darling
Stay, stay darling (You know you got to stay)
Stay, stay darling You saw through my lies and deception
Yeah I was losing my way
You, you gave my life some direction
And now I'm ready to say
I know there's bound to be some hard times ahead
I'd be a fool to believe
But if you go I'd rather think of dyin' instead
I never want you to leave Stay darling
Stay, stay darling (you know you got to stay)
Stay, stay darling
Stay, stay please stay darling When you walked out my door
I knew you'd be back for more
Let's leave the past behind
True love is so hard to find Don't be afraid
It's gonna be all right
'Cause I know that I can make you love me
Love me, love, love, love, love me, love me When you walked out my door
I knew you'd be back for more
Let's leave the past behind
True love is so hard to find I'll always want you to stay Stay (stay) stay darling
Stay, stay darling
Stay, stay darling
Stay, stay please stay darling And then we can scoop, scoop, scoop, scoodooly be bop yeah
Then we can scoop, scoop, scoop, scoodooly be bop yeah
Then we can scoop, scoop, scoop, scoodooly be bop yeah
Then we can scoop, scoop, scoop, scoodooly be bop I want you to stay, stay darling
Stay, stay darling
Stay, stay darling (you know you got to stay)
Stay, stay please darling (Scoop, scoop, scoop, scoodooly be bop)

You know you got to stay
(Scoop, scoop, scoop, scoodooly be bop)
I think about you night and day
(Scoop, scoop, scoop, scoodooly be bop)
You know you've got to stay
(Scoop, scoop, scoop, scoodooly be bop)
I can make you love me
Love me, love me, love me
Love me, love me, love me
Love me, love me, love me
Lo-lo-lo love me, Lo-lo-lo
