A Place In The Sun

The Izzys

Gotta get that feelin'
God, I love this feelin'
Someone come and stop me
'Cuz this time I'm winnin'
I should've left you when I was up
I should've left you when I was up
I should've had enough sense to
Get up and leave this town
I should've had enough sense to
It was a turn around
Walkin' through the golden sands
I'm quenchin' my thirst
Jump into the fountain
And I'm goin' head first
I should've left you when I was up
I should've left you when I was up
I should've had enough sense to
Get up and leave this town
I should've had enough sense to
It was a turn around
Lost in a place in the sun
And it's going down
(Mmm)
It's going down
(Mmm)
It's going down
(Mmm)
It's going down
I should've left you when I was up
I should've left you when I was up
I should've had enough sense to
Get up and leave this town
I should've had enough sense to
It was a turn around
Wish I had enough sense to
Get up and leave this town
Should've had enough sense to
It was a turn around
Lost in a place in the sun

And it's going down
(Mmm)
It's going down
(Mmm)
It's going down
(Mmm)
It's going down
Woh
Woah
