

# Broken Drum

## Cash Cash

My heart still beats like a broken drum  
To the rhythm of a played out love song  
Your voice still haunts like a melody  
Even out of key, you were still a song to me Turn it on, turn it up, you're my radio  
Every line got me hooked, I can't let you go  
Can we live? Can we love? In stereo  
Even out of key, you were still a song to me It was still a song to me, yeah, it was still a song to me  
My heart still beats like a broken drum  
My heart still beats like a broken drum  
Drum, drum, drum, drum, drum, drum No I can't let you go, go  
No, no I can't let you go, oh My heart still beats like a broken drum  
To the rhythm of a played out love song  
Your voice still haunts like a melody  
Even out of key, you were still a song to me Turn it on, turn it up, you're my radio  
Every line got me hooked, I can't let you go  
Can we live? Can we love? In stereo  
Even out of key, you were still a song to me It was still a song to me, yeah, it was still a song to me  
My heart still beats like a broken drum My heart still beats like a broken drum  
To the rhythm of a played out love song  
Your voice still haunts like a melody  
Even out of key, you were still a song to me
