Done With Broken Hearts

Dead By April

I'll never forget,
Not what you did, not what you said
What you put me through,
I'll never be trusting you againThere's nothing you can say
There's nothing It will bring me back youI am done with you, I am done with broken hearts
You'll never be breaking mine again
I am done with you, step into the new me
You'll never be breaking mine again, again
Breaking mine again, againYeah, you made me weak
You should see me now, I will never fall down again
You cut me to pieces but I'm learning from my mistakesThere's nothing I will keep from you
There's nothing I can feel from you
I am taking the knife from youI am done with you, I am done with broken hearts
You'll never be breaking mine again
I am done with you, step into the new me
You'll never be breaking mine again, again
Breaking mine again, againThis is the last time. I'm leaving you.
It's the last time no stopping me
This is the beginning of something new
I'll never forget what you put me through
You have made me, you have made me see
Finally, finally.I am done with youI am done with you, I am done with broken hearts
You'll never be breaking mine again
I am done with you, step into the new me
You'll never be breaking mine again, again
Breaking mine again, again.
