McFly

I'm getting tired of asking, this is the final time
So did I make you happy because you cried an ocean?
And there's a thousand lines about the way you smile
Written in my mind but every single word's a lieI never wanted everything to end this way
But you can take the bluest sky and turn it grey
I swore to you that I would do my best to change
But you said it don't matterI'm looking at you from another point of view
I don't know how the hell I fell in love with you
I'd never wish for anyone to feel the way I doIs this a sign from heaven showing me the light?
Was this supposed to happen? I'm better off without you
So you can leave tonight and don't you dare come back
And try to make things right 'cause I'll be ready for a fightI never wanted everything to end this way
But you can take the bluest sky and turn it gray
I swore to you that I would do my best to change
But you said it don't matterI'm looking at you from another point of view
I don't know how the hell I fell in love with you
I'd never wish for anyone to feel the way I doI never thought that everything would end this way
But you can take the bluest sky and turn it gray
I swore to you that I would do my best to change
But you said it don't matterI'm looking at you from another point of view
I don't know how the hell I fell in love with you
I'd never wish for anyone to feel the way I doAnd you said, and you said, and you said
(I do)
And you said, and you said, and you said
(Do)
And you said it don't matter
(I do)And you said, and you said, and you said
(I do)
And you said, and you said, and you said
(Do)
And you said it don't matterAnd you said, and you said, and you said
And you said, and you said, and you said
And you said it don't matterAnd you said, and you said, and you said
And you said, and you said, and you said
You just said it don't matter
