

Simmer

Cub Sport

Verse 1:I found love on the west coast
I was living in real time
There's a haze over silver lane
It felt like yours it felt like mine x2Chorus:I don't really wanna see ya
Even though I can't say no
Your one that I want I need ya
Never gonna let you go
I found love on the west coast
It felt like yours it felt like mineWhat am I supposed to do now
When everyone's saying no
You only wanna make me simmer
When I think it's time to go x2Verse 2:
It felt right on the West Coast
We were flying every night
Like a halo shining through the break
It felt like yours it felt like mine x2(Chorus)(Instrumental)(Chorus)
