100

Dappy

(I keep it 100)
(I keep it 100 oh)
You know I always keep it one hundred right?
(I keep it 100)
You ain't gotta worry about shhhh
(I keep it 100)I thought that you'd give up
When all we had was us
I can't even lie, even lie to ya
I'm sorry it ain't my fault
I run out of all my trust
I went through hell and back
To get it back.That's why every day I thank the lord
You aint just with me for money
Cos you keep on giving without taking nothing from me
I remember all the times when I was low
And you never let go
(Oh no)I'm just being honest with you oh
You could be down and out
But it won't matter
Just call for back up
And I will always come through oh oh
You don't need nobody else
It's me and you against the worldCos I was built for this
So forget about my previous
When I say I'm being serious
I'm too real for this
I feel to run and tell everyone
As if I'll find anyone as good as this
As good as this
You know I'm built for, for you
See I
(I keep it 100)So the only thing that matters
Is you can always count on me
Cos you know I keep it one hundred
And I have done right from the start
This time I really won't let you down
Cos you and I were a part of me
That's hand on heartSo tell me if there's anything I could do to make it better
Let me know a way I could take away any of the pressure

Now if ever you feel low
Just know that I'll never let go
(Oh no)Cos I'm just being honest with you oh
You could be down and out
But it won't matter
Just call for back up
And I will always come through oh oh
You don't need nobody else
It's me and you against the worldCos I was built for this
So forget about my previous
When I say I'm being serious
I'm too real for this
I feel to run and tell everyone
As if I'll find anyone as good as this
As good as this
You know I'm built for, for you
See ICos I was built for this
So forget about my previous
When I say I'm being serious
I'm too real for this
I feel to run and tell everyone
As if I'll find anyone as good as this
As good as this
You know I'm built for, for you
See I, I was built for thisNow tell me who do you love?
Even though I haven't made it easy
You think I've come this far just to give up?
Hell no
Cos what it is
What it is
What it is
What it isCos I was built for this
So forget about my previous
When I say I'm being serious
I'm too real for this
I feel to run and tell everyone
As if I'll find anyone as good as this
As good as this
You know I'm built for, for you
See ICos I was built for this
So forget about my previous
When I say I'm being serious
I'm too real for this
I feel to run and tell everyone
As if I'll find anyone as good as this

As good as this
You know I'm built for, for you
See I
(I keep it 100)
(I keep it 100)
(I keep it 100)
(I keep it 100)
