Wrong Way

Lalah Hathaway

Soaked in the rain even through her coat
Rushed out the door, nowhere to go
And even though she knows she's still on that same wrong road
She's still gotta go
And sometimes we lie right into the mirror
And our reflections ride and let it slide
Cause it's easy --- yeah!
Bridge:
Cause sometimes...
Sometimes don't you wanna go the wrong way
Cause I know some times
I don't feel as free
Chorus:
Holding the map wrong way
And running from everywhere
Where ever the wrong way map goes...
Is gotta be better than hereOne way sign she makes a right
Danger sign she risks her life
And even though she knows she cant fly she opens both her arms to try
Oh I...Bridge:
Cause sometimes...
Sometimes don't you wanna go the wrong way
Cause I know some times
I don't feel as free
Chorus:
Holding the map wrong way
And running from everywhere
Where ever the wrong way map goes...
Is gotta be better than here
And if you're lost out there
You might see her
lookin' like she's crying
But after where she's been... Those are tears of joy
Oh years just trying
Cause sometimes...
Sometimes don't you wanna go the wrong way
Chorus:
Holding the map wrong way
And running from everywhere

Where ever the wrong way map goes...
Is gotta be better than here
Chorus:
Holding the map wrong way
And running from everywhere
Where ever the wrong way map goes...
Is gotta be better than here
Chorus:
Holding the map wrong way
And running from everywhere
Where ever the wrong way map goes...
Is gotta be better than here
