# Player Haters

## Poohman

Player haters, player haters
We can't the player haters
Yeah, man, let's kick the funky gangster shit
Give enough respectMike, a.k.a Cash Money
Man, I tell ya, this nigga is funny
Always bragging to the girls about what he had
Sucker always told his dry ass has drama dragTold the partners he was down with us
We should of figured, he was out to get us
He had another partner named Jeff
He hooked up with him and game done leftNow we talk bad about me and my crew
High siding with bitches and talking about fuck Pooh
Now I know just how to handle this
Call up her sister and let her suck my dickOr maybe I should call his women
And stick my dick in her motherfucking mouth when I'm cumming
See, here is some game for you motherfucking fakers
He crossed game, so he is a motherfucking player haterPlayer haters
Player haters
Player hatersI know you're asking yourself what is a player hater
Another brother who hates me because my game is greater
See, I got a lot of female friends
I drive a '73 Chevy instead of an '89 BenzWhen it comes to women, I put my foot down
I give them respect but sometimes I have to clown
And niggas down aspected game
So they get behind my back and talk bad about my nameNow I see if you was doing better than me
Now take what he's got and multiply times three
It ain't a bragging thang
I am just a nigga who refuses to cross gameOr let a bitch be the reason
Man, I tell ya, it ain't shit but treason
I tell ya, man, niggas ain't shit
He's just mad because I am fucking his bitchSee I fucked her but never am I paying her
You be a player haterPlayer haters, player haters
They can't stand player haters
Player hatersCash Money is a player hater, Vince is too
Fuck you niggas and the whole damn crew
You thought you could do me with your punk ass words
But all that bullshit get shot to the curbTold that bitch about my other bitch
All that player hating did stop shit, niggas I rob
Ricky and Jay and all you players around the bay
Now let's not forget about Moe and this clipAin't shit but a player hating son of a bitch

Now I know we got 'em and will be sitting in the lane
Pussy ass niggas is jealous of the next man
Now I took this time to throw off steamBut I still got his little ass bitch on my team
Now we talk all that shit, it didn't work faker
But it fucked up trick, you ain't shit but a player haterPlayer haters, player haters
Player haters, player haters
Player haters, player haters
Player haters, player haters
