It's God Given

Disbelief

is it destiny or decline?
this world gets insane
murdered through that simple truth
this is what we do!stretching limits until the end
loaded hearts with loaded guns
bring us sorrow and pain
the only chance is to be strongis this the world i'm living in
try to see who you are
from the beginning
til death do us part, do us part
til death do us partis this the world i'm living in
try to see who you are
from the beginning
til death do us part, do us partIT'S GOD GIVEN, IT'S GOD GIVEN
IT'S GOD GIVEN, GOD GIVENgod give up, god give up
god give up!
god give up, god give up
god give up!IT'S GOD GIVEN, IT'S GOD GIVEN
IT'S GOD GIVEN, GOD GIVENgod give up, god give up
god give up
god give up, god give up
god give up
god give up
god give up
god give up
