Get On and Ride

Bo Bice

Face to face, eye to eye
You say you love me then you bleed me dry
You try to make me like it, you know I can't deny
You call a spade a spade, baby, if it so appliesOh yeah, now your heartbeat's ticking in me
Like a bomb that's ready to blow
Did you see what you came to see?
Go ahead enjoy the showTake your time if you're so inclined, jump on here with me
Get on and ride it in the fast lane, honey
Won't you get on and ride it? Won't you get on and ride it now?
Yeah, yeah, get on and ride, babyEveryday, I walk another mile
You find me guilty but don't give me a trial
If that's the case but baby, I don't mind it
This time around, girl, it's your turn to ride, yeahOh yeah, now your heartbeat's ticking in me
Like a bomb that's ready to blow
Did you see what you came to see?
Go ahead enjoy the showTake your time if you're so inclined, jump on here with me
Get on and ride it in the fast lane, honey
Won't you get on and ride it? Won't you get on and ride it now?
Yeah, yeah, get on and ride, babyNow show me what you gotNow your heartbeat's ticking in me
Like a bomb that's ready to blow
Did you see what you came to see?
Go ahead enjoy the showI don't mind baby, take your time, jump on here with me
Get on and ride it in the fast lane, honey
Won't you get on and ride it? Won't you get on and ride it now?Your heartbeat's ticking in me
Like a bomb that's ready to blow
Did you see what you came to see
Go ahead enjoy the showTake your time if you're so inclined, jump on here with me
Get on and ride it in the fast lane, honey
Won't you get on and ride it? Won't you get on and ride it now?
Yeah
