

O God, to Those Who Here Profess Their Vows

John Siderius

---[Verse:1]---

O God, to Those Who Here Profess
Their vows of life - long love,
Grant joy and peace; Their marriage bless
With gladness from above.

---[Verse:2]---

O Christ, let neither grief nor place,
Nor life nor death, may part
Those who enjoying Your sweet grace,
In You are one in heart.

---[Verse:3]---

Spirit of God; whom we adore:
Preserve, protect, defend,
increase, rekindle, and restore
Their love till life shall end.
