Smile

Mcfly

You don't have to have money
To make it in this world
You don't have to be skinny baby
If you wanna be my girl
Oh, you just gotta be happy
But sometimes that's hard
So just remember to smile, smile, smile
And that's a good enough start
So if you ain't good looking
Don't you let it get you down
And if your love life ain't cooking baby
There'll be more fish around
Oh, you just gotta stay happy
So put away that frown
Just remember to smile, smile, smile
And turn the world around
So just remember to smile, smile, smile
Smile, smile, smile
Smile, smile, smile
C'mon and show us your teeth
And what you got underneath
'Cause everyone's got troubles
That's the way the story goes
You don't need to get in trouble baby
To see what's underneath your nose
Oh, 'cause if you're feeling happy
That's the place to let it show
So just remember to smile, smile, smile
So everybody knows
And it will make things so much better when you're feeling low
Just remember to smile, smile, smile
Smile, smile, smile
Smile, smile, smile
C'mon and show us your teeth
And what you got underneath
Smile, smile, smile
Smile, smile, smile
Smile, smile, smile
C'mon and show us you teeth

And what you got underneath
Just remember to smile, smile, smile
C'mon, you gotta smile, smile, smile
Smile, smile, smile
C'mon and show us you teeth
And what you got underneath
(Smile, smile, smile)
You gotta smile
(Smile, smile, smile)
Just remember to smile
(Smile, smile, smile)
And turn the world around, yeah
