# Old Log Cabin

## Longview

Old Log Cabin
In the old Kentucky mountains So many years ago
Around the old log cabin where the wild wood roses grow (repeat)

Thereâ€™s laurel on the mountain side and bluegrass in the field
Blue birds singing all day long and heavenâ€™s the way I feel (repeat)

The whippoorwill is singing from twilight until dawn
Around the old log cabin that used to be my home (repeat)

At daybreak in the morning then Iâ€™ll be on my way
Iâ€™m headed for the mountains, Iâ€™m going back to stay (repeat)

Now motherâ€™n dad have passed away, thereâ€™s no one left around
In the old log cabin Iâ€™m gonna settle down (repeat)
