

# U Don't Dans 2 Tekno Anymore

## Alabama 3

last train to mashville, girl  
you got on board  
packed up your medicines, left without a word  
now you're strung out in suburbia waitin for that call  
you just chill out by yourself behind your front dooryou lost the plot again  
where you are now aint clear  
it's a misty morning memory  
the road and took you here  
your special k keeps the chills away  
with your needle and your spoon  
starin' at the walls sharin your score with no oneand u don't dans 2 tekno anymore  
I don't see you under the strobe light on the dancefloor  
it's been awhile since I saw your ultraviolet smile  
u don't dans 2 tekno anymore  
bein' a loverman and a dj  
lots of girls come down the front when I'm on the one's and two's  
there was this one particular girl though  
she was so beautiful she used to knock my eyes out every damn time  
one night, she took this funny little heart shaped pill and just died right there in front of me  
now she don't dans 2 tekno anymoreu don't dans 2 tekno anymore  
u don't dans 2 tekno anymore  
u don't dans 2 tekno  
so sad since you let it go  
u don't dans 2 tekno anymoreyeah I'll tell you now  
your 808 and the 303 ain't the friends that they used to be  
you got no time for sweet 909  
you said goodbye to Chicago  
and Detroit said you Lord, you let her go  
and there ain't no guest list at the border line  
all the people sing  
and u don't dans 2 tekno anymore  
I don't see you under the strobelight on the dancefloor  
it's been awhile since I saw your ultraviolet smile  
u don't dans 2 tekno anymoreno, u don't dans 2 tekno anymore  
lord above  
u don't dans 2 tekno anymore  
u don't dans 2 tekno  
so sad since you let it go  
and u dont dans 2 tekno anymoreu don't dans 2 tekno anymore

hip hop or electro
