Kick You When You're Down

Machine Head

Aww
C'mon
Love for my love, hate for my hate, strength for my strength
Pain for my pain, pride for my pride, match it inside
Trust that I find in you, but it's hard and it's brutal
It's nasty and rude, and it's dirty and mean
When they treat you like yesterday's news
They want to keep us all down town frowned underground
But no one is keepin' me down, fuck no
I'll keep my head high
'Cause they will always kick you when you're down
Life for my life, soul for my sou, truth for my truth
And heart for my hear, drive for my drive, match it inside
Fight for this fight, and don't you ever never give up give up
You gotta play like a master of chess It's a long road
And it's mental endurance stress test sometimes you fight and you win Sometimes you fight and you lose
It's the fighter in you not to lose
So keep you're head high
'Cause they will always kick you when you're down
You have to trust in yourself
You must believe in yourself
You have to follow your heart
You overcome improve endure
You have to trust in yourself
You must believe in yourself
You have to follow your heart
You overcome improve endure
Love for my love, hate for my hate, strength for my strength
Pain for my pain, pride for my pride, match it inside
Keep up your drive, and fight to fight because some shit ain't right
Don't lose our sight, get our heads right
Shine our star too bright, nothing in life is for sure
It's just a gamble, so play it for all that it's worth
And don't forget to keep our heads high
'Cause they will always kick you when you're down
They will always kick you when you're down
And don't you let their kickin' get you down
You have to trust in yourself
You must believe in yourself

You have to follow your heart
You overcome improve endure
