

Parasite

Izzy Stradlin

Parasite

I look you in the eye

Parasite

You know you're gonna fry

You're just a maggot in a one horse town

You're just a nothing and you're going down

You're such a loser, you stole my guns And you're a parasite

And you'll be hangin' high

And you're a parasite

I'm laughin' when you fry

Hey You're just a maggot in a one horse town

You're just a nothing and you're going down

You fuckin' loser, you stole my guns

You're a parasite

You're just a bag of lies

You're a parasite

I'm laughin' when you fry

Hey
