# Work

## Down With Webster

(Verse 1):
You're looking messed up
That's just how I like it
Every crazy thing you do
It just gets harder to fight it
Yeah, the position of power
You're just taking the job
Getting carried away
Until they come, carry you off
Won't slow down
But you're stopping to flirt
You got last nights decisions
All over your shirt
And you so off balance
That it's sort of a talent
I tell you not to worry
But now that isn't a challenge
(Chorus):
And there it goes, oh oh
You startin' to lose it
I don't know what you doing
But you gettin' in to it
And there it goes, oh oh
Something I've never learnt
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
You make it work
(Verse 2):
She'll be going hard
Yeah, you be on some next shit
Staying at the bar like you couldn't find the exit

Feeling like a star, when you staying up till breakfast
Yeah, you working hard girl, you want some exec. shit
Stamps on the hand like references
Right this way to your section is
It's business time and you're in charge
They all want to be in your entourage
And not too long till you lose your friends
One eye closed, trying to BBM
And when the DJ play that song
She right back on her job
(Chorus):
And there it goes, oh oh

You startin' to lose it
I don't know what you doing
But you gettin' in to it
And there it goes, oh oh
Something I've never learnt
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
You make it work
(Verse 3):
Yo, I love me sloppy chick
Wrapping up my hockey stick
Download my floppy disk
Then hit the trashcan quick
Oh, damn, what a cool-o
But she ain't no party pooper
Wipe it off, go girl, you're a trooper
Let me tell you, you do it super
Clock in, clock out
Sip that bub in large amounts
Make it bounce in overtime
Put that work in, make it count
Top down, bass loud
Damn you make your momma proud
You don't care what no one says

You'll work it out till you pass out
(Chorus):
And there it goes, oh oh
You startin' to lose it
I don't know what you doing
But you gettin' in to it
And there it goes, oh oh
Something I've never learnt
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
I don't know how you do it but you're making it work
You make it work, work, work, work, work for ya
I don't know you do it, but girl it works for ya
You make it work, w-w-work, work, work for ya
Just keep doing what you're doing, cause it works for ya
You make it work
