

# Home Free

T. Graham Brown

I have been all around the world  
Just to see what I could see  
And everywhere around every turn  
Are people living life differently  
I have stood on the wall of China  
Sailed around the African horn  
But every night when I lay me down  
I thank God Iâ€™m American born  
And

Chorus:

I am home free Living in the land of opportunity  
Just give me that old time liberty I am home free

Verse 2:

This land is a pot of gold  
With a written guarantee  
You can go where you wanna go  
You can be who you wanna be  
And itâ€™s giving you one condition  
That you promise to pass it on  
Yeah, every night when I lay me down  
I thank God Iâ€™m American born

Chorus refrain

Verse 3:

Keep that freedom torch burning  
For the whole world to see the light  
Let me live under Old Glory  
Till the day that I die

Chorus refrain x2

I am home free  
Yeah, I am home free
