Angie

[Cobra Starship](#)

Angie, I know you
I said, you know it's true
Please, don't ask me to believeBaby, I got you
'Cos I always knew
You were just having fun, having funYou got it all and I just really gotta know
What more can I say?
I just wanted to believe that there was room for meOh, oh, oh, no, you just wanted to play
Oh, oh, oh, no, I give you all I got
Angie, can't we just find a way?Say no more, say no more
Angie please, don't tell me no
And I ain't mad'Cos you know I understand
You know I understand
Angie, AngieAngie, I know you
You know it's true
Please, don't ask me to believeBaby, I got you
'Cos I always knew
You were just having fun, having funSo here's the thing
Yeah, you know that I'm a man
Who can understand the way it's gotta be
If you need room to breatheOh, oh, oh, no, you still ask me to wait
Oh, oh, oh, no, but I can't wait forever
Angie, can we make it today?Say no more, say no more
Angie please, don't tell me no
And I ain't mad'Cos you know I understand
You know I understand
You're just having fun, having funSay no more, say no more
Angie please, don't tell me no
I ain't madBut you know I understand
You know I understand
Angie, AngieAngie, Angie
Angie can't we just find a way?Say no more, say no more
Angie please, don't say no
Please, don't ask me to believeSay no more, say no more
Angie please, don't say no
You were just having fun, having funAngie, I know you
I said, you know it's true
Please, don't ask me to believeBaby, I got you
'Cos I always knew
You were just having fun, having fun
