

You and Only You

John Berry

It sure is good to see you, girl
You're still the only one
You're looking just as lovely
As the day our love was bornRemember when you told me
I could make it on my own
Without you here to hold me
I'm afraid, I'm not that strongHappy ever after's
Not so easy to acquire
Only you could ever measure
Up to my desireBaby, you gave up on me
Just a little bit too soon
And left me here for lonely
Howlin' at the moonAll I need is one more chance
To prove my love for you
I tried my best to live without youYou hold the power in your hands
You and only you can
Make these broken dreams come trueI'm asking your forgiveness
I know I'm the one to blame
I've finally learned my lesson
Love is more than just a gameAnd please don't try to tell me
A little time is all I need
'Cause time, he ain't no friend of mine
'Til he brings you back to me, babyAll I need is one more chance
To prove my love for you
Tried my best to live without youYou hold the power in your hands
You and only you can
Make these broken dreams come trueAll I need is one more chance
To prove my love for you
Oh, I tried my best to live without youYou hold the power in your hands
You and only you can
Make these broken dreams come trueOnly you can
Make these broken dreams come true
