

# Animal Army

## Babylon Zoo

Tyrannosaurus marches before us  
Lions laugh at the smell of a gun  
Ride on the back of an elephant's shoulders  
Tell all your friends you're an angel  
Animals dance along, animals Tyrannosaurus marching towards us  
Lions a mass coming out of the grass  
Ride on the back of an elephant's shoulders  
Tell all your friends your an angel  
An angel, an angel Leopards dancing, leopards dancing in my paradise  
Animal armies, animal armies in my Tyrannosaurus marching towards us  
Lions a mass coming out of the grass  
Ride on the back of an elephant's shoulders  
Tell all your friends your an angel  
An angel, an angel Leopards dancing  
(Leopards dancing)  
In my paradise  
Tigers dancing  
(Tigers dancing)  
In my paradise Chrome and candy  
(Chrome and candy)  
In my paradise  
Animal armies, animal armies in my Leopards dancing, leopards dancing, in my, in my, paradise  
(Paradise)  
Tigers dancing, tigers dancing, in my, in my, paradise  
(Paradise)  
Solar planets, solar planets, in my, in my, paradise  
(Paradise)  
Animal armies, animal armies in my Paradise  
Paradise  
Paradise
